

NOW FOR THE CONVENTION!

Tyranny and Injustice of Minority Drives Rightful Majority From Hall.

BIG MASS MEETING IS HELD

In Which Anti-La Follette Delegates Form Temporary Organization--M. G. Jeffris Arraigns the Usurpers.

Madison, May 19.—Practically driven from the ranks of the republican party by the factional differences of the La Follette section of this organization over five hundred delegates elected by the people to represent them yesterday afternoon walked out of the state convention as individuals and republicans as a protest against the high handed manner in which they were being treated. From the time the announcement was made this morning that La Follette through his state central committee had unseated sixty four and half regularly elected anti-La Follette delegates and seated sixty-four La Follette delegates in their places thus giving him a majority in the state convention, all hopes of fairness was dispelled.

All Out And Dried
General Bryant called the convention to order and immediately handed the gavel over to former speaker Irving Lenroot who closely followed the type-written instructions he had before him even so far as to call on Mr. Chynoweth as had been arranged when Mr. Miller of Dane county was to make the speech but had not so notified the chair. At no time was the conservative element given a fair hearing. Bitterly arraigned by speaker Lenroot in his opening tirade when he urged the conservative element to leave the party and make way for some other party which would gladly follow the banner of La Follette, these insults were borne until Senator Hudson arose to make the motion that the temporary organization be made permanent.

Jeffris' Last Objection
Here Mr. Malcolm G. Jeffris arose to make his last objection. In clear concise language he told the convention that he had the last remark to make and he would make it in the present convention, and turning to the conservative element which had stood solidly throughout the many ballots of the afternoon, announced in tones which were heard a block away "There will be a meeting of the anti-third term delegates, the majority of the republican delegates of the state convention at eight o'clock."

Rights Trampled Upon
The first fight of the convention came upon the report of the state central committee. In the debates which followed every motion was fought by M. G. Jeffris and E. R. Hicks of Oshkosh who were the two conservative champions. Judge Bancroft, the man who came to Madison with a state platform in his pocket condemning railroads and riding on a railroad pass, as Mr. Jeffris stated in open debate, Senator Miller, and Senator Hudson were the so-called champions of La Folletteism. Not a single decision was made by the chair on any question which favored the conservative element in any particular. They were ignored repeatedly for La Follette delegates and when they were explaining matters relating to the welfare of the party up would jump some La Follette delegate acting under instructions and state the debate was not germane to the question and the speaker would be ordered to desist.

Driven To A Stand
Beaten in every contest by the solid vote of the La Follette majority, confined at by the state central committee, galled by the merciless attacks of the La Follette leaders, Mr. Jeffris made his announcement of another meeting at which the republican majority would have their say and not the minority of the delegates. This action was brought about directly by a motion of state senator Hudson to the effect that the temporary organization be made the permanent organization. Mr. Hicks rose in protest and so did Mr. Jeffris. Finding words were useless the conservative element with the exception of a hundred and twenty nine Cook delegates refused to vote on the question and left the hall.

Futile Plea For Harmony
At this juncture, Mr. Hicks of Oshkosh made a passionate plea for party harmony and recognition. He deplored the cruel campaigns of the past six years, the abuses of the republican party by a few men, and begged the delegates to consider what their action would mean to the convention, to the republican party of the state and nation. Despite this Senator Hudson urged his motion and the solid La Follette vote was recorded in its favor.

Conservatives Depart
Meanwhile the conservative element left the hall by counties and the field was left clear for the La Follette men to do as they liked. Repeated motions for adjournment had been made and voted down and the appointment of a committee on credentials was made as follows by speaker Lenroot. H. W. Clay, H. C. Martin, J. J. Blaine, C. F. Pfister, D.

W. Agnew, J. R. Dennett, J. J. McGilvray, G. M. Dahl, Charles Reynolds, D. E. Jordan, and G. B. Hudson. Despite the fact that this committee had the resolutions already drawn up, so many of the delegates appointed had already left the hall that the chairman, H. W. Chynoweth of Madison made the motion to adjourn until this morning at nine o'clock. It was carried and the convention adjourned.

Try To Hold Delegates
It was openly stated that all practices possible would be used to keep the Cook delegation in the convention but despite this fact many had left the hall and more were at the meeting in the opera house. So militant were the younger element of the party that they could scarcely keep from cheering on every word uttered. The older men however realized the importance of the break and will endeavor to try and bring back some of the delegates who walked out.

All Talk Of The Walk Out
Last evening nothing but the walk out was heard on the streets. Senator Whitehead was in the city and attended both the state convention and the meeting in the Opera House. In the state convention the names of Senators Quaries and Spooner were officially announced as not being candidates for places on the delegation to the national convention.

Real Convention Meets
The conservative republicans met at the opera house at eight o'clock last night. The republican convention, was called to order pursuant to the announcement of Floor Leader, M. G. Jeffris in the afternoon, at 8 o'clock, by General F. C. Whildner, of Milwaukee. The opera house was packed from top to bottom and the only restraint upon the admission of those who pressed in to help swell the beautiful flow of republican enthusiasm was the limit upon the capacity of the hall. The ground floor was reserved for delegates or prominent party leaders and the spectators were admitted to the balcony.

Jeffris Wanted
Immediately upon the calling of the meeting to order there went up cries of "Jeffris," "Jeffris." We want Mac, Jeffris. The leader of the Rock county delegation, who had so valiantly fought inch by inch all afternoon against the relentless, cut-and-dried, type-written program which Governor La Follette had handed out of the executive office, was fatigued with his labors of the afternoon and reluctant to be prominent in the active part of the convention of the night. However, the crowd insisted upon having him and he was roundly cheered when he made his appearance and was unanimously elected as the temporary chairman of the convention.

A Wonderful Speech
When the tumult of cheering for Mr. Jeffris became quiet enough for him to be heard, he called the attention of the 500 or more delegates in the meeting, who represent the majority of the republican convention of 1904 to the fact that it was a time for deliberation, a time for consultation. He stated that there was no fixed program arranged for the meeting; no type-written directions as to whom would speak and who not, had been prepared, but that the republican convention assembled in the opera house represented in its entirety the republican party of Wisconsin.

Greeted With Cheers
This statement was greeted with cheers which were not stilled for some minutes. With an impressive gesture, Mr. Jeffris asked how anyone could realize how a majority could be called bolters. Briefly he took up the contestants in Ashland, Dodge, Eau Claire, Oconto, St. Croix, and Grant counties. He said that the decisions of the state central committee were contrary to law, contrary to morals and contrary to party usages and contrary to the institutions of the country. He declared that at the present time and in the situation which had been brought about by this action, there was a political reason and excuse for another convention. He said there was full and complete justification for the republican party of Wisconsin, an organization which would be irrevocable in this fate.

Would Not Condemn Dog
In his arraignment of the action of the convention Mr. Jeffris reached a dramatic climax when he cried: "Would you condemn a yellow dog on the evidence that was used by the state central committee?" Shouts of "No," "No," and tremendous applause followed this statement. A

IOWA OPPOSES TARIFF REVISION

"Stand Pat" Element Controls the Convention Held at Des Moines.

National delegates—At large—W. H. Allen, J. P. Dooliver, A. B. Cummins, J. W. Hythe, Alternates—D. H. Brown, C. W. Upham, P. W. Simmons, Frank H. Crocker. District delegates—J. M. W. Bailey, C. A. Carpenter, E. G. W. French, C. M. Curtis, J. O. M. Gillett, J. S. Elsworth, A. H. Gale, Harry Green, J. J. W. Dwyer, E. L. Clarke, J. H. L. Waterman, J. A. DeMuth, J. H. Henderson, Dr. J. Hostetter, S. W. P. Bestman, H. B. Jaeger, J. George Wright, W. S. Ellis, J. Mahlon Hunt, E. K. Miner, H. R. L. Claves, A. Van Der Helm.

Des Moines, May 19.—The Iowa delegation to the national republican convention was selected by a state convention Wednesday, which declared itself opposed to tariff revision and in favor of a declaration for reciprocity on noncompetitive articles only. The change from an advocacy of the "Iowa idea" during three years to this attitude was affected by an almost unanimous vote, but over the protest of a minority of the resolutions committee.

An indorsement of tariff revision when necessary was rejected by the dominant faction, the "stand patters," and a declaration for a reciprocity which would not injure American industries or harm American labor was defeated by the committee on resolutions. And when the plank declaring for reciprocity in noncompetitive products only was read to the convention the "stand pat" delegates shouted themselves hoarse in its indorsement.

Limits Reciprocity.
The original program of the "stand pat" element was carried out. This contemplated the adoption of a resolution to the effect that the Republicans of this state "Believe it unwise to seek markets abroad by sacrificing any part of the home market, and equally unwise to legislate in a manner to provoke American industries into making war upon one another," and the added declaration "for reciprocity in noncompetitive products only."

Secretary Shaw addressed the convention to say that the principal issue in the campaign this year probably will be based on the claim that protected industries are selling abroad cheaper than at home. He declared that no Republican should be afraid to admit the truth of it and defend it, for, said he, but one-third of 1 per cent of the products sold abroad are sold cheaper than at home, and it is both good business and good statesmanship.

Hepburn in Denunciation.
Congressman Hepburn, in an address which won for him his election as chairman of the state convention to be held here July 20, said that he wanted to repudiate with all the indignation of his nature the assaults which have been made on some of the great leaders who are dead, under the pretense that in their last utterance they recanted the views and beliefs of a lifetime.

"It is slander upon the reputation and character of the mighty dead," he said.

Congressman Hull of Des Moines was the permanent chairman. The temporary chairman was John N. Irwin of Keokuk, former minister to Portugal.

TWO JAPANESE WARSHIPS SINK

Over 650 Lives Lost in Terrible Disaster Near Port Arthur—Korea Annuls Treaties.

London, May 19.—An official dispatch received here this afternoon announces that the Japanese cruiser Keshino and the battleship Hattsu were sunk off Port Arthur and over 650 lives were lost. Of the battleship crew 311 were saved.

Report Corroborated.
Tokio, May 19.—Vice Admiral Togo wires as follows: "Report from Rear Admiral Dewa that the cruisers Katsura and Yoshino collided in a fog off Port Arthur, May 15. The Yoshino sank. Only ninety of her crew being saved. On the same day the battleship Hattsu struck a Russian mine and sank."

Washington, May 19.—Minister Allen at Korea, cables that the Korean Government today formally annulled all treaties and agreements with the Russian government.

DRIED FRUIT DEALERS TO UNITE

New York Men Will Form an Organization to Regulate Trade.

New York, May 19.—Members of the dried fruit trade here have decided to form an organization to be known as the New York Dried Fruit association. An effort will be made to establish rules for deliveries and to govern the sales of evaporated apples. Several attempts have been made previously to regulate the apple business, which has always been the source of much friction among dealers.

SPARKS FROM THE WIRE

The twenty-second annual meeting of the American Association of Physicians and Surgeons was held at Columbus, Ohio, yesterday. Dr. A. E. Gammage of Chicago president of the association presided. A report made by the statistical committee shows a death rate of less than 1 per cent in a total of nearly 400 cases treated and reported.

John Gerder, a farmer living near Cheviot, O., was arrested yesterday after a postmortem had shown that Rudolph Berlemann, Gerder's father-in-law, died from injuries indicating having found Berlemann dead in the barn and said he had tied him for about four hours yesterday to prevent him from hurting himself in a fit.

The court martial completed the trial of Lieutenant William B. Allen at the Presidio, San Francisco, yesterday but the verdict will not be made public until it is reported to General MacArthur.

Justice Anderson of the District Equity court at Washington yesterday signed the decree in the Knights of Labor case directing the Hayes faction to deliver immediately to the Burns adherents all the property of the order. The Hayes faction gave notice of an appeal.

The board of trustees of the Carnegie institution met at Washington yesterday and reorganized under the new incorporation as the Carnegie Institution of Washington. President Gilman and the old officers and committees were re-elected.

The Brotherhood of Locomotive Engineers, in session at Los Angeles, adopted a resolution requesting President Roosevelt to urge an immediate decision by the postal investigating committee in the case of Third Assistant Postmaster General E. C. Madden, who is an honorary member of the organization.

HARMONY RULES OHIO CONVENTION

William T. Spear Is Renominated for Judge of Supreme Court.

Delegates at Large—Myron T. Herrick, George B. Cox, W. F. Dick, Joseph B. Foraker at Large—Charles P. Taft, Noah H. Swayne.

STATE TICKET.
For secretary of state—Lewis C. Layton. For judge of the supreme court—William T. Spear. For clerk of the supreme court—Lawson E. Emerson. For dairy and food commissioner—Horace Aubrey. For member of the board of public works—Richard B. Crawford.

Columbus, O., May 19.—The above delegate and state tickets were selected at the Ohio state republican convention here Wednesday.

The convention was in session only three hours and most of that time was occupied in balloting for candidate for supreme judge. There was also a ballot for members of the board of public works, but it was not a contest after George B. Cox cast the 105 votes of Hamilton county for Capt. Crawford.

The only other contest was that of the colored men as to who should represent them as an alternate at large. John B. Clineham, the only colored member of the last Ohio legislature, was named as alternate for United States Senator Dick.

The Ohio delegation to the Chicago convention was not instructed, but it is pledged by the resolutions of the last two conventions to President Roosevelt.

Stand Pat on Tariff.
There was an attempt to secure a plank in the platform in accord with McKinley's last speech at Buffalo, but it failed. Senator Dick, who wrote the platform, said:

"We stand pat on the tariff as well as other policies and did not want the Iowa idea."

Declare for Roosevelt.

Incorporated in the platform were memorials to McKinley, Hanna, Sherman, Foster and Bushnell. Of President Roosevelt the declaration said: "Because of his earnest devotion and unflinching fidelity to republican principles, and the signal ability displayed by President Roosevelt in his great offices as the successor of our lamented McKinley, we renew our declaration of confidence and admiration, pledging him our enthusiastic support for his nomination in the full assurance of his triumphant and merited election next November."

The separation of state and local elections, contemplated in a pending state constitutional amendment, was indorsed.

The society of the Army of the Potomac held its annual meeting at Harvard Conn., yesterday in conjunction with the yearly reunion of the Connecticut Grand Army of the Republic. At the business session Colonel Horatio C. King of New York was elected president. Resolutions were adopted urging congressional action upon the bill setting apart the battlefield of Fredericksburg as a national park.

S. A. COOK IS THE NOMINEE

And Will Lead the Ticket of Regular Republican Convention.

TINGLED WITH BITTERNESS

La Follette's Speech of Acceptance One of the Ugliest on Record--Goldin for Secretaryship.

(Special to The Gazette.)
Madison, Wis., May 19.—(10:40 a. m.)—Winnebago, Calumet, and Kewaunee counties whose delegations are for Cook, will join the conservative convention. This decision was reached at a secret caucus held this morning.

Welcome to Winnebago.

The appearance of the Winnebago delegation in the convention was the occasion of an ovation that made the hall resound. P. W. Layton of Oshkosh was called to the stage and said: "Winnebago came to attend a republican convention. We have been here two days and have just found the convention. And while it has taken us two days to find it, let me say we are here to stay." (Cheers).

Goldin Becomes Photographer.

The voice of M. G. Jeffris having been reduced to a mere whisper from his efforts of the past twenty-four hours, Clerk of Courts Theodore

at two o'clock this afternoon. In the meantime the roll is being prepared. It is probable that all of the Cook delegates will come into the convention.

The Other Meeting.

At the meeting of the La Follette delegates, Senator Miller of Madison made a motion to rescind all of the actions of the convention of yesterday with the exception of the action regarding Grant county. This was simply a parliamentary expedient designed to forestall any future action to rescind and make it out of order as having been entertained and lost.

Slow in Assembling.

Madison, Wis.,—12:30 p. m.)—The La Follette convention in the armory was slow in getting together and disappointment over the absence of the Cook delegates was plainly evident. When once they had gathered, the resolution of Charles Pfister from the resolutions committee was accepted. The administration men busied themselves in putting their figures together to show a majority without the Cook delegates.

Some Demonstrations.

Some enthusiasm was manifested but there was no attempt to provide guards to keep the crowd out of the armory. There being room to spare for all. The university boys in sympathy with the administration, improvised several songs which ran as follows: "Poor Old Mac Jeffris, we're going to leave you now," and "Mac Jeffris' body lies a mouldering in the grave as Bob goes marching on," to well known tunes. The opera house, meantime was crowded with an enthusiastic throng.

La Follette Resolutions.

The report of the La Follette resolutions committee praised the economical side of the state administration, endorsed the primary election theory, approved the conduct of the state officials, and the national administration, and called for a repeal of the mortgage tax law, suggesting as a substitute an income tax law.

Bancroft Is "Good."

Sturs were cast at the corporations who were accused of improperly influencing voters and at the newspapers which have opposed La Follette. The creation of a railway commission was urged and all legislators who did not support administration measures denounced. It was advised that no state senator who would not support these measures should be elected. No mention was made of Senators Spooner and Quarles. Judge Bancroft of railroad pass fame urged

S. A. COOK.

Goldin of Janesville was appointed official photographer and read the report of the committee on credentials, which was the minority report of the state central committee. The report was adopted.

Senators Are Invited.

C. C. Rogers then moved that a committee of three be appointed to invite Senators Spooner and Quarles to attend the convention. C. C. Rogers, ex-Governor Scofield, and ex-Governor Upham were appointed on the committee, and the movement was endorsed with cheers.

Is Made Permanent.

Madison, Wis., (11:20 a. m.)—The lengthy report of the minority on the state central committee treating in detail of the testimony from St. Croix and other counties regarding the legality of the delegations, having been read, J. R. Bennett of Ozauclee moved that the temporary organization be made permanent. The motion was carried by unanimous voice.

Jeffris Is Chairman.

M. G. Jeffris was made chairman of the permanent convention and Col. Anderson, secretary. The committee appointed to invite Senators Spooner and Quarles to the convention reported that they would meet with the delegates at the time the report of the committee on resolutions should be made.

Adjourned Until Two.

The convention then adjourned until two.

COOK MEN ASKED ONLY TO BE ASSURED OF LEGALITY

Before Identifying Themselves with the Regular Anti-Third Term Republican Convention.

Madison, Wis.,—9 a. m.—The big mass meeting last night adjourned until nine o'clock this morning. Likewise the so-called convention of the administration men. The Cook delegates are only waiting to be assured of the legality of the convention to be called by the anti-third term men this morning and once assured that it has the legally accredited delegates will become a part of the convention. With them and the working majority of 614 delegates unseated by the state central committee without show of fairness or justice, the convention may at once proceed to organize and nominate its ticket. It is probable that this procedure, however, will be delayed until it is definitely known what the administration meeting has done.

First of the Bolts.

The first bolt at Madison was made by the administration delegates to the congressional district caucuses called for the purpose of electing a new state central committee. Find that they were in a majority only in four of the eleven districts of the state the La Follette delegates decided to remain away from the caucuses and propose their candidates in this way to control the elections, in pursuance of this plan they did not hold caucuses in the Second and Third districts, which they control, expecting in this way to give plausibility to their scheme. At the first congressional district caucus A. H. Sheldon of Janesville was elected as a member of the new state central committee.

TROUBLE WITH THE SEED CORN

NOT COMING UP WELL IN MANY LOCALITIES.

LOWLANDS STILL TOO WET

For Cultivation in Many Instances, and the General Outlook is a Bit Gloomy at Present.

General crop conditions throughout Rock County are not as promising as could be hoped. The seedling is unusually late in many localities the seed corn is not coming up well and this is making no end of trouble. Choice seed that will grow is extremely high in price the quotations being made in many instances twice the normal price. Much of the early seedling rotted, also, and the ground will have to be replanted. These are the observations of a man who has recently traveled throughout the entire district.

Lowlands Still Too Wet

He says that the lowlands are still too wet for cultivation and that quite a large acreage will be planted extremely late, if at all. In the case of clover the old seedling has been killed over considerable areas, so the outlook for this crop is far from the best. Farmers are evincing an increasing interest in the sheep industry. The prices on lambs and wool are on the rise and there is a general inclination to engage in this kind of husbandry on a larger scale than hitherto.

Horses in Demand

The inquiry for horses continues and the prices remain at a high level. As a usual thing the quotations drop after the farmers have made their plans for the season but this year appears to be an exception and the indications are that there will be no slump.

WEEKLY BASEMENT SALE AT ZEIGLER'S

Bargain Specials To Be Inaugurated on Wednesday, May 25—Watch Windows for Tips.

Beginning Wednesday, May 25, and continuing each Wednesday thereafter, we will inaugurate a series of special sales, conducted on the lines of the big sales of the large city stores.

They will be known as "Bargain Basement Sales" and will be price starters in make up, including a representation from every line in our immense stock. During the season our stock of men's, boys' and children's suits become broken there are considerable ends in coats and vests and pants—parts of suits—the sizes are all right, the goods are regular, but the lines broken.

These we want our money out of quickly—want them out of the store, haven't room for them, and down they go into the basement at a price that once seen will find many ready pick ups.

All these goods used in our display windows, including cuffs, shirts, neck wear, as well as suits and overcoats which have become soiled or mussed, go down into the basement to be closed out at what they will bring.

There is an opportunity for the "good judge," the close buyer to make money from these sales, no doubt about it. We intend to connect definitely in your mind the bargain sale with the Zeigler Basement so that whenever you read or hear of our Basement it will call to mind a real chance for saving. Original cost will not enter into the selling prices on the collection of stock for these basement sales as fast as we find broken or odd lots, they will be sent to the basement to be disposed of.

We have the confidence of the purchasing public, therefore, when we make the statement herewith, we know people will expect to secure exactly what we represent to them.

Wednesday has been selected as the day of the week on which to make the offerings and our large, airy, light basement, which is accessible from the main store floor by a wide stairway is so conveniently arranged for these drop price events that were it necessary, one could pick the goods they desire without the aid of salesmen. The first basement bargain sale day is Wednesday, May 25th. Extra salesmen will be employed to care for your wants. Everything will be marked in plain figures and our big front display window will be filled with good representatives of basement bargain offerings, and it will mean money to you to watch that window.

TWENTY THOUSAND SHEEP FED AT SCYAMORE STATION

And Fifteen Hundred Tons of Hay Consumed, Says Arthur Sterlecker.

Arthur Sterlecker who left for Chicago on a business trip yesterday morning expects to devote much of his time during the summer to his interests in Janesville. The feeding time is over until fall at the stock station at Scyamore, Ill. Mr. Sterlecker says that 20,000 sheep were fed there during the past fall and winter and that 5,000 were sheared by machinery. Besides the other flocks, 1,500 tons of hay were consumed. The business has proved a profitable one.

Business is Good

Fred Atwater, night clerk at the New Myers hotel Janesville, was in the city yesterday calling on his many friends. Mr. Atwater says the new hotel opened up under favorable circumstances and that business is good. Fred is one of the drawing cards for the place.—Rockford Star.

ELGIN FRACTION LOWER

(Special to The Gazette.)
Elgin, Ill., May 17.—Butter on today's board was officially quoted at 19 1/2 cents, firm. New York, 20 cents; steady. The output of the Elgin district for the week was 577,500 pounds.

A BIG INCREASE IN TELEPHONES

Avenues of Communication Being Rapidly Extended Throughout County—Effect on Small Merchant.

On a conservative estimate there will be fifty per cent more telephones in operation in the rural districts of Rock County this season than there has been for the past year. The Orfordville, Frootville, Evansville, and Elgerton systems are all extending and the same is true of most of the other towns.

Has Become Necessary

As the world progresses things that have been luxuries for the few become necessities for the many and the telephone is rapidly forcing its entrance into the latter class. The conviction is taking possession of the farmer that he owes it to his neighbor as well as himself to possess this easy means of communication and it is only a question of a few years when those who are without the phone will be in the minority.

As to Small Merchant

The opening up of new avenues of quick communication by the telephone and the rural free delivery benefit everybody but the small merchant. Especially by the latter is he placed at a disadvantage by being brought into competition with the big mail order houses in the large cities which have already commenced to flood this county in particular with their weekly bulletins of job lot prices. Only a day or two ago a farmer boasted in a small country store that he had purchased 20 pounds of granulated sugar for seventy-five cents. On inquiry it developed that he had bought a large bill of staples, including ten pounds of shelled coconut, five or six pounds of ground pepper, all in larger quantities than his needs for months and even years would require and at prices uniformly higher than those charged by the small merchant. So this phase of development may possibly be relied upon to right itself in the course of time.

SITES TALKED OF FOR NEW CHURCH

Central Methodist Purchasing Committee Has Three New Ones in Prospect.

Various sites for the new Central Methodist church edifice are being considered by the purchasing committee since the Franklin hotel corner was disposed of. One of these is the Charles Sanborn corner at South Main and South Third streets on the east side. Others are at the corner of North Jackson and Wall streets, opposite the city hall and the Presbyterian church.

BOYS IMPERILING LIFE AND LIMB

Parents Are Requested by the Railroads To Keep Their Sons from Jumping on Trains.

Special policeman, John Dalton at the Academy street crossing says that a number of small boys have lately been imperiling their lives and limbs by catching on trains, particularly incoming and outbound freights on the Northwestern. He has warned a number but the nuisance does not seem to greatly abate. He believes that people residing in the vicinity of the tracks should give the matter careful attention and if they find that their boys are engaged in the practice, lose no time in disciplining them.

"A boy may not get killed or even injured catching on trains for a year," said Policeman Dalton, "but he is nevertheless taking a big risk. I caught a boy at that kind of work only yesterday, and he broke all records getting away from me though if he only properly realized it, the danger he had been recklessly braving was far greater than that he was trying to escape. There have also been some stone throwing at trains. Boys caught doing this are liable to be pretty severely dealt with, but the parents can save the authorities and themselves a whole lot of trouble by doing a little investigating on their own account and administering the discipline at home."

SENSIBLE WAY TO CURE CATARRH.

Hyomel Medicates Air You Breathe and Kills All Catarrhal Germs—Cost Nothing Unless It Cures. Do not take medicines into the stomach to kill catarrhal germs in the head and throat. Air alone can reach these germs. Medicated with Hyomel and treated through the nasal cavity, the germs with every breath of the air go to the most remote cells of the head, throat and lungs, and completely destroys the disease germs. Hyomel is the only sensible, yet scientific way to cure catarrh. Other remedies may fail; Hyomel will cure.

It helps at once, and you get the vitalizing and invigorating effects from the first few breaths of Hyomel. If it should happen that Hyomel did not give you the same good effects that it has in many other cases right here at home, King's Pharmacy and The Peoples' Drug company will refund your money without question or argument. You will be the sole judge as to whether Hyomel costs you a penny or not.

The complete outfit, consisting of a medicine dropper and inhaler that can be carried in the purse or vest pocket, and a bottle of Hyomel sells for only one dollar. The inhaler will last a lifetime, and extra bottles of Hyomel can be obtained, if needed, for fifty cents.

When you get a Hyomel outfit, King's Pharmacy and The Peoples' Drug company will give you a signed receipt, agreeing to refund the money in case it does not cure catarrh and other diseases of the respiratory organs. This is the strongest evidence that they can offer as to their faith in Hyomel—to pay for it themselves in case it does not cure.

NOW FOR THE CONVENTION

Continued from Page 1.

delegate seated on the stage interrupted the speaker with the remark that the reason Oconto county was down was because the administration was afraid to let Judge Clason into the convention. "That's the best reason I have heard today for any action of the La Follette forces," exclaimed Mr. Jeffris as he repeated the statement to the convention.

Hearers Aroused

"This is the convention of the republican party of the state of Wisconsin, and its deliberations will be those of the republican party of Wisconsin," shouted the speaker, while a mighty wave of enthusiasm swept over the meeting. The speaker's reference to the game warden and "the amplifying of the game laws" aroused great laughter and applause. The entire arraignment of the La Follette administration was a model of sarcasm and untruthful chastisement, and it struck a popular chord with his hearers. Mr. Jeffris declared, "We don't propose to get out of the republican party," and no governor or any other man is big enough to read us out of the party," again stirred his hearers to a great outburst of applause. The mention of the names of Senators Spooner and Charles was the signal for great applause. Mr. Jeffris paid a handsome compliment to the conservative delegates, of whom he declared the steering committee and leaders were proud.

Suggestions Temperate

His words of advice and suggestion were listened to with the closest attention, interrupted occasionally by applause. The suggestions were characterized by the utmost good judgment and were temperate and timely. "We went down to a convention today, and, as we said we would do last night, we insisted upon our rights, in a gentlemanly but a perfectly firm manner, that we were a majority of the 1904 republican convention of Wisconsin, and we know it. (Great applause.) And we did not propose that that majority should be taken away from us by fraud and technical practices. We said last night with no uncertain sound that we would insist upon our rights in that convention and we would carry our rights through regardless of the consequences. (Great applause.) And that is what we are here for tonight. I want to say to you that we have gone over the list between the time we left the convention hall this afternoon and now, and there is represented in this meeting tonight a majority of the delegates to the Wisconsin republican convention. (Great applause.)

Majority Not "Boilers"

"We have found it necessary to call our meeting in a different building because when we went into that convention today men took the floor and they appealed to the citizens to listen to justice and reason. They appealed to the delegates upon these cases of contested delegations that the convention hear the facts, and the convention declined to hear the facts. 'You will remember, those of you who were there today, that the chairman who represented the contested delegates arose and said: 'Secure this convention, yes, we give everybody a hearing.' Yes, they did, they gave everybody a hearing, but what did it amount to? The man who went to the state committee to get a hearing not the same kind of hearing that we got to day. (Applause.)

Prepare Organization

Mr. Jeffris at the close of his remarks, called the attention of the caucus to the necessity for preparing for a permanent organization. Col. Anderson was elected secretary. Jeffris then suggested that a committee on credentials be appointed consisting of 12 members, with M. B. Rosenberry of Wausau as chairman. Among those appointed were T. S. Nolan of Janesville who represents the first congressional district on the committee. The committee as appointed was headed by Messrs. Rosenberry and Nolan. Frank Kispert, Jefferson for the second district; Dr. F. D. Hulbert, Redwood, for the third district; Lucien Warden, Milwaukee, fourth district; Henry S. Gilkey, Milwaukee, fifth; Frank Lawrence, sixth; C. S. Van Auklen, La Crosse, seventh; Eber Simpson, Oshkosh, eighth; Charles Reynolds, ninth; M. E. Dillon, Ashland, tenth; W. H. Phillips, eleventh.

Adjourns Till Morning

The motion to adjourn until 9 o'clock this morning was made and agreed to and after requesting the delegates to present their credentials to the secretary, Col. William J. Anderson of Madison, Mr. Jeffris asked that the chairman of each county delegation confer with the committee on credentials regarding arrangements for the comfort of the delegates who would be compelled to stay over for another day. The meeting dispersed. A majority of the delegates gathered in knots to discuss the situation or went to the offices of Mr. Philip L. Spooner, where they were warmly greeted and given tickets of admission to the majority convention which met at 9 o'clock this morning.

S. D. SMITH MAY START FACTORY

Has Invented Some Electric Appliances Which Appear To Have a Good Future.

S. D. Smith, a former Janesville man and son of Ex-Alderman Smith, has returned to the city with electric appliances which he has invented and may decide to manufacture there. An electric cane and an electric physiological appliance which contain a dry battery, a electro magnet, a vibrator and a push button all in a small tube so arranged that a strong or weak current may be regulated by the pressure, are the two principal inventions. They are designed for the various ailments to which the flesh is heir.

TELLS A STORY OF WAR TIME WOOING

H. Stanley Phillips, Aged Sixteen, [Allows Villain To Escape with a Coat of Tar.

William Deane was a young farmer of Rock County. At the time of the war he was getting prosperous, in one way at least for pretty Miss Nellie Rallier had promised to marry him in a short time. But one day he went to her and said: "I must serve my country, I will go before we are married, because then if I am killed I will not leave you a widow, but be true to me and we will be married after the war."

So he joined the 8th Wisconsin volunteers and went merrily to the war. But he had not reckoned on John Otis. John Otis was a man of wealth, and of still greater means, he had always been deeply attached to Nellie Rallier and now he thought he saw a chance to win her.

Mr. Rallier owed him a large sum of money due in a short time, which Otis knew he could not pay. So he went to Mr. Rallier and asked him if he did not allow it he would take all Mr. Rallier possessed. Mr. Rallier demurred at first but when Otis showed him an article in the Gazette, which told of a William Deane of the 8th Wisconsin volunteers being shot as a deserter, he consented to the marriage.

Nellie was not a girl who disloyalized her parents, but when she heard what John's errand was, she objected, but upon hearing that William had been disgraced, she wondered how she could have ever loved such a man, and readily gave her consent to a marriage with John Otis.

But when she would be awake nights she would think it over, and every day she disliked John more and more, and became more and more convinced that William was alive and his character unimpaired. With this in mind she, when the appointed day for her marriage arrived, feigned sickness and postponed the wedding.

In the meantime William was fighting valiantly in the army. An fate would have it one of the men in the "Eagle" regiment was also named William Deane & this man was shot as a deserter. William now had no time to write home, but at the battle of Shiloh he was slightly wounded and sent home on a furlough. Arriving there his father told him all about the affair, and that the wedding would occur that evening.

So he went to the Rallier home just before the ceremony was to be held, and walking in before the awestruck crowd, he stepped directly in front of Otis and exclaimed: "Let go of that lady's hand, you bound, and leave the country."

John drew a knife and leaped at him like a tiger, but was held back by the spectators. At William's entrance Nellie had fainted but soon recovered, and—well, you know the rest.

The next morning the Gazette made this announcement, "Mr. Otis, a prominent citizen of Rock County was escorted out of town last night by a forceful mob. Many enthusiastic citizens took part in the proceedings. Mr. Otis wore a gorgeous sash, and a majestic robe of tar, decorated with feathers."

AMONG THE WORLD'S WORKERS

New Notes From Various Sources of Great Interest to the Workman.

Eighty-five plans for the prevention of strikes, for the most acceptable of which the American Humane Educational Society of Boston, Mass., offered a prize of \$200, have been received. A committee has the papers in charge, and will make its award shortly and publish the prize winning plan.

Secretary Job of the Chicago employers association asserts that the workmen were never so well off as he is now. According to his estimates the employee is receiving from 15 to 20 per cent more in wages than he was five years ago, while the cost of provisions has increased only 11.3 per cent in the same time.

A gigantic labor combination will probably be made in alliance of the Western Federation of Miners and the United Mine workers of America. It will take in nearly 1,000,000 in the United States.

The most thoroughly organized skilled tradesmen in Germany are the Printers.

Organized labor in Chicago is beginning to feel the reactionary effects of the abnormal increase in wages. It has gained during the last year.

There are several colored unions in Richmond, Va., which are affiliated with a recently organized central body. The tobacco workers have two organizations, numbering over 800 members. Others affiliated are the hod carriers' and hack drivers' unions.

Coal mining in Missouri made rapid strides last year. The coal industry of the state employed during the winter season 10,517 men and during the summer season 7837, or an average through the year of 9,177 men. There were 348 mines operated during the year.

The Bates Machine Co., of Joliet, Ill., which secured a writ of injunction against the Machinist union and its members, March 19, has brought suit against the same defendants for \$200,000 damages.

The Shop Assistants, trade union, of England, an organization similar to the retail clerks' association in this country, has a membership of almost 15,000.

A school for locomotive engineer apprentices is established in Dresden, Germany. The course occupies

People used to take plain cod liver oil for coughs, colds, throat and lung troubles after other remedies had failed.

Scott's Emulsion is the modern idea of cod liver oil—the first instead of the last resort when such ailments appear.

The taste of the oil is not apparent and the oil itself is partly digested—makes it easy for the stomach. Scott's Emulsion is a quick, reliable help at all ages.

A strong union sentiment is being created throughout all logging camps in the Mendocino, Cal., districts, and several unions have recently been organized there.

Representatives of the amalgamated society of engineers have given notice to shipbuilders in the north of England of a demand for a 10 per cent increase in pay, to go in effect by June 1.

Members of the Seamen's union on the Great Lakes will refuse to ride with the marine cooks during the coming season should they persist in joining the longshoremen's organization, which has been assured of the support of the marine cooks at Bay City, Cleveland, Toledo and Ashtabula.

MYSTIC WORKERS' SUPREME SESSION

Opens in Janesville on Tuesday, June 7—Something About Growing Organization.

One of the first acts of the newly elected mayor of Janesville will be to extend a cordial welcome to the Mystic Workers of the World who convene here on the seventh of June in their biennial supreme session.

This will be the fifth assembly of the character and in many respects the most notable meeting of this specific fraternal organization. Two years ago the officials and representatives of the Mystic met in Rockford. That session marked an epoch of advancement to the society. In the supreme meeting of 1902 were clever fraternal statesmen who, appreciating the need of changes in the society and the number of new lodges have had so pronounced an effect as to have in the two brief years intervened between sessions placed the Mystic Workers well forward in the ranks of beneficiary societies and which promise yet to place the order in the leadership.

A phenomenal increase Since the Rockford meeting two years ago nearly 12,000 members have been added to the roster of the society and the number of new lodges created has been nearly 200, giving a total in the neighborhood of 700. Robert S. Cowan of Rockford, who at the meeting in 1902 was elected to the office of supreme master, has been removed by death and since his demise, Vice-President Lane of Fulton has assumed the duties of the office. A new supreme master will be elected at the session.

Meet At Y. M. C. A. The sessions will be held at the Y. M. C. A. auditorium and on Tuesday evening, June 7, there will be a social session to which the public will be invited. Prefect J. F. Lynch of the Janesville lodge will preside at this meeting and a very attractive program has been prepared. The mayor's address of welcome will be given at the opening session in the morning and Rev. H. C. Denison has been invited to give the invocation at the meeting.

Dr. E. H. Dudley of this city spent Tuesday at Rockford.

Suffering

Will Not Help Your Disease, but Will Weaken Your Nerves.

Folks who think it is better to bear pain than soothe it—are wrong. Old-fashioned doctors used to say it was better, because they had nothing with which to ease pain but dangerous, heart-paralyzing drugs.

But now, that a safe remedy has been found, Dr. Miles' Anti-Pain Pills, it is wrong to suffer, for nothing can be gained but weakened nerves.

A safe rule to remember is: When in pain, take an Anti-Pain Pill. This will soothe your quivering nerves. Dr. Miles' Anti-Pain Pills relieve pain by restoring the natural secretions, in which they differ from opium and similar narcotic drugs, which relieve pain by checking the action of the glands.

They are sure and harmless and are the latest medical treatment for the cure of Headache, Neuralgia, Backache, Rheumatism, Dizziness, Toothache, Stomachache, Menstrual (Monthly) Pains. Also nerve irritations like Sea-Sickness, Car-Sickness, Sleeplessness, Indigestion, etc.

Pleasant to take, quick in results. "I have used Dr. Miles' Anti-Pain Pills for sick, nervous headache, and have received the best results. I heartily recommend their curative properties for every case of headache."—J. W. BAY, A. WATSON, D. D., Iowa City, Ia. Sold by druggists at 25c. Money back if first box does not help. WINTER SUPPLY OF COAL IS ARRIVING

Fuel Companies Are Receiving Large Quantities of Black Diamonds for Future Use.

The coal men seem to work on the theory of "In times of peace, prepare for war," and they in times of summer are preparing for winter. Each day sees many cars of coal delivered in the city and the men at the various yards are kept busy making room for the new supply. The Badger Coal Co. is receiving at present more of the black diamonds than any of the other companies, and this happens because they are in line earlier with their orders.

The other people are receiving good quantities but the amounts do not make the showing in the bins that appears at the yards of the Badger company. The prices of the warmth producer will be about the same as last year at the same time and the increase in price each month will be the same.

DO YOU GET UP WITH A LAME BACK?

Kidney Trouble Makes You Miserable.

Almost everybody who reads the newspapers is sure to know of the wonderful cures made by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It is the great medical triumph of the century, a nineteenth century discovery, the result of scientific research by Dr. Kilmer, the eminent kidney and bladder specialist, and is wonderfully successful in promptly curing lame back, uric acid, catarrh of the bladder and Bright's Disease, which is the worst form of kidney trouble.

Dr. Kilmer's Swamp-Root is not recommended for everything but if you have kidney, liver or bladder trouble it will be found just the remedy you need. It has been tested in so many ways, in hospital work and in private practice, and has proved so successful in every case that a special arrangement has been made by which all readers of this paper, who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root, and how to locate your kidney or bladder trouble. When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer & Co., Binghamton, N. Y. The regular fifty-cent and one-dollar size bottles are sold by all good druggists. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

Coming Attractions.

In presenting Miss Ruby Rotnour supported by the Flora DeVoss Co., the management desires to state that neither time or expense have been spared this season to make this one of the best organizations in the west. The company that is supporting Miss Rotnour this season is one of the strongest that it has ever been her pleasure to associate with, headed by such well known talent as Col. Edwin Brink. Their repertoire of plays have been carefully selected to please the theatre going public and together with the pleasing specialties one can hardly imagine that they are witnessing a popular priced attraction. Don't forget to take advantage of the ladies' free tickets.

On Monday and Tuesday evenings May 23 and 24th, there will be presented at The Grand Opera House the greatest series of Moving Pictures ever seen in Janesville, by D. W. Robertson's Edison Projectoscope Co. of New York City. This is the same company that has been to Monona Lake Chautauqua Assembly several seasons at Delavan Chautauqua Assembly 4 years and many other Assemblies throughout the United States. At considerable expense, management of the Opera House has made arrangements for the appearance of this renowned Moving Picture, Concert and Entertainment Co. to give 3 grand entertainments in Janesville. Among the many Moving Pictures that will be presented will be the Great Train Robbery, one of the most thrilling and interesting of its kind ever secured, the pictures of the Japanese-Russian war, in the Forests of Northern Michigan, Funny R. R. Depot, Little Ethel's Pets, Visit to Southend, the Up-to-date Elopement and many others, too numerous to mention. The company will be assisted by Mr. Harry Willard, America's Greatest Piccolo-Banjoist, Mandolinist and Violinist, one of the greatest musical soloists in New York City today, and conceded to be the most finished banjo player in this country. Other artists of renown will take part in the program, and from present indications, 3 large houses will be in attendance on May 23 and 24th.

It is curious that a man like Jean Richepin, who has written so much of the French stage during the past ten years (and whose plays have invariably proven successful to the manager) should, as yet, have had none of his works produced in this country. Mr. Otis Skinner's production of "The Harvester" (adapted from Richepin's greatest success—"Le Choucroute") is the first play of the distinguished Parisian poet and playwright to receive "production" in America.

Two of Richepin's works have been "Englished" before, however. "Cheminée" was given by Beethoven Tree in London under the title of "Ragged Robin," and "Le Filibustier" ("The Filibuster") was played shortly after in the British metropolis by Charles Wynham and his company.

Both adaptations were successful, and this result makes it the more curious that our usually enterprising managers have not undertaken the powerful and unique writings of the Gypsy, the native singer.

Mr. Skinner was seen yesterday for a brief moment during his rehearsal and expressed himself as being delighted with the way his company had embraced the parts allotted, and the especially happy way in which they seemed to blend into the atmosphere and harmonize in their methods of work.

In speaking of his new play, Mr. Skinner was most enthusiastic, and declared that it was the most satisfactory work he had ever rehearsed in his career.

"If it does not succeed with the American public," he said, "it ought to, and there can be no mistake about that."

HEALTHY PLANTS

Require the Most Careful Attention as Well as Good Soil.

Did you ever see a rosebush which, despite the most beneficial environment of soil-of sunshine-and of atmosphere, seemed never to achieve a healthy growth?

Even of manure will not help a plant that has a cancer eating out its heart.

You must destroy the cause before you can remove the effect.

You cannot cure Dandruff and Baldness by rubbing on hair lotions, and rubbing in vaseline, etc.

Must look to the cause of the trouble. It is the roots that cause your hair which causes it to fall out.

Danderine
GREW THIS HAIR
AND WE CAN
PROVE IT.

MISS MARIANA HENRY, CHICAGO.

2036 Forestville Ave., CHICAGO. Miss Henry says: "I began using Danderine my hair was falling out in great handfuls, and I can testify that Danderine not only stopped it at once, but has made my hair grow more than twice as long as it ever was."

Mrs. Elsie Atherton, Little Rock, Ark., says: "It is surely remarkable how Danderine improves the hair. It has made my hair grow ten inches longer in five months and it is getting thicker and longer all the time. I believe in giving praise where it is due, and you can use my name as reference if you so desire."

DANDERINE is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. Its exhilarating, fertilizing and life-producing properties cause the hair to grow abundantly long, strong and beautiful. IT IS THE NATURAL FOOD OF THE HAIR, SCIENTIFICALLY CHARGED WITH NEW AND GENUINE LIFE-PRODUCING ESSENCES UNHEARD OF BY OTHER MAKERS OF HAIR TONIC. NOW at all druggists in three sizes, 25 cents, 50 cents and \$1.00 per bottle. FREE. FLORENCE RUSSELL, CHICAGO.

215 Mohawk Street, CHICAGO. She has become generally known that Danderine causes hair to grow just as abundantly on the heads of children as it does on those of mature persons, many truly marvelous cases are coming to our notice. Little Miss Elsie, whose photograph appears above, is certainly one of the remarkable ones. Her beautiful hair is over thirty inches long and her mother says that "DANDERINE GREW EVERY BIT OF IT."

MISS SELMA HASSELL, CHICAGO.

2728 North 4th Court, CHICAGO. Miss Hassel says: "My hair would not reach below my waist when I began using your Danderine. It was also faded and falling at the ends. Now it is over 25 inches longer than it ever was and it has regained its original rich blond color. I used the tonic about four months all together."

...Forty Years Ago...

Janesville Daily Gazette, Thursday May 19, 1864.—Discharged.—The Circuit Court grand jury completed its labors today, and was discharged. It brought in a number of indictments as the result of its investigations.

The Down Town Telegraph Office. Workmen are busy today erecting poles and stretching wires from the main line to the Tallman block, in which the down town office is to be located. A few days will suffice to put it in working order.

Prof. Martine's Class.—The dancing class of Prof. Martine received a lesson this afternoon and another this evening at the Hyatt house hall. Not only is the number of Prof. Martine's pupils increasing but the parties which take place after the evening school are becoming very popular. There is to be one of those agreeable socials this evening, which unquestionably will be well attended.

Circuit Court.—The first case tried this term closed yesterday afternoon and occupied two days. The case was that of Edward T. Martin administrator of the estate of John T. Martin deceased, against the American Express Company, and was a change of venue from Dane County Circuit.

The suit was brought for recovery of five state bonds of the state of California, which was lost or stolen before they were delivered to the plaintiff, or filed in favor of the plaintiff for \$7,796.73. Judge Walker in the pursuit of George B. Smith defendant. In the case against Daniel Haskell vs. H. B. Swift, judgment was rendered against the defendant for \$250.11. Knowlton & Jackson for the plaintiff; Chas. G. Williams for defendant.

Ohio yesterday, elected delegates to the Baltimore convention and instructed them to vote for Abraham Lincoln.

A Wizard is performing in New York who every night cuts off his own head for the amusement of his audience.

A four legged turkey is among the latest California novelties.

The Charleston Bombardment.—The statement that the recent attack on the rebels at Charleston was made in the pursuit from Washington is in correct. The land and naval commander acted on their own responsibility, with the view as it is supposed, of feeling the enemy and seeing how many troops were left in the garrison.

DOING THEIR DUTY.

Scores of Janesville Readers Are Learning the Duty of the Kidneys.

To filter the blood is the the kidneys' duty.

When they fail to do this the kidneys are sick.

Backache and many kidney ills Janesville people endorse our claim.

Urinary trouble, diabetes, Donan's Kidney Pills cure them all.

L. Lawrence of 408 S. Franklin St., engineer at the Janesville Electric Light Co., says: "Seven years ago I injured my back by falling through a bridge near Afton into the Rock river. I was on a traction engine, its weight broke through and the whole thing went into the stream. Since that time my back has ached by spells sometimes very severely, if I caught cold it settled in my kidneys and if I brought a strain on my back lifting the result was a bad backache and sharp twinges of pain in my joints. I procured Donan's Kidney Pills and after I used them I was free from backache. I am in better health than any time since falling through the bridge."

TO BE REGRETTED.

The bolt in the convention, which occurred at Madison yesterday afternoon, is the final act in the exciting political drama which has occupied so much attention during the past four years. While it came as a surprise, it was the only logical outcome and in fact the only solution of the situation.

Conservative Republicanism was arrayed against La Folletteism, with a clear, well defined majority in a convention controlled and dictated by one man. His State Central Committee seated by the right of might, and contrary to all law or precedent, enough delegates to control the convention, and he controlled it with an iron hand.

A majority of the committee on credentials usurped the rights of the convention, by deciding arbitrarily who were entitled to participate as delegates and this high handed usurpation was sustained.

Sixteen members of the committee, nine of whom were in state employ, claimed the right to act for the 1905 delegates, and from this fraudulent claim there was no appeal. This is a new experience for the state of Wisconsin, and sober minded thinking people, without regard to party affiliations will condemn it. The methods employed are revolutionary in the extreme. When the will of the people is ignored to satisfy the ambition of a dictator it is time to consider seriously the question, "Whither are we drifting?"

A republican ticket will be placed in the field and the courts will be called upon to decide the legality of the Governor's methods. It is several months before election. In the meantime actions should be controlled by judgment and common sense. The integrity of the party is at stake, and this is of vital importance.

OUR TITLE IS CLEAR.

Senator Dolliver, in his speech in the Senate on the Tariff and the trusts, said the Republican party inherited its historic faith from our fathers and traced the line of inheritance as follows: When William McKinley died he left it as a rich legacy to us who followed him in the great triumphs of his public life. It was not a discovery of his. He got it from Abraham Lincoln, who got it from Henry Clay, who got it from Alexander Hamilton, who got it from Benjamin Franklin; so that our title is clear; our abstract perfect, without lien or encumbrance, running straight back to the original sources of American common sense.

This is a good text for every young republican to paste in his hat. It is always well for a man to know on what he bases his political faith. While he may satisfy himself with inherited belief, it is well to know that the principles of the party date back to the foundation of the republic.

It is an honor to any young man to be able to say, "I am a republican," but it is worth more to be able to give a reason for the faith that is in him. The republican party stands today, as it always has, for the broadest liberty compatible with the safety of our free institutions. It is the party of progress, as well as the party that advocates protection to American labor.

It has enrolled under its banner, a list of illustrious names whose lives were devoted to its principles, and whose memory will long linger as a benediction.

The party has endured the test of time and its prospects were never brighter than today.

THE TARIFF STILL AN ISSUE.

The declaration in Congress of Bourke Cochran, a New York Democrat, in favor of the abolition of custom houses and destruction of Tariffs shows that the Free-Trade virus still remains in the disordered blood of the Democratic party. The friends of Protection of American Industries, under which our country's prosperity has been achieved, need to be constantly on the defensive, for though defeated in campaign after campaign the Free-Traders continually renew their at-

tacks against the bulwark of the workman's prosperity.

Congressman Dalzell of Pennsylvania, replying to Mr. Cochran, intimated that the time had passed for the academic discussion of the respective virtues of Protection and Free-Trade as national policies, for the test of experience has superseded the conjectures of theory. With our own land exporting its surplus products from factories which were permitted to grow under the fostering care of Protection, and with the leading statesmen in England clamoring for the imposition of duties upon foreign products, the Democratic cry for Tariff removal will be of importance and value only as helping to swell the majority that on the election day of this year will be cast against entrusting power to so foolishly revolutionize—Troy "Times."

Tariff reform is the only issue open to divided democracy, and the party has but little hope of making any headway on a free trade platform.

The experiment was thoroughly tested under Cleveland's second administration, and failure was so pronounced that it not only wrecked the party, but was a serious menace to the country.

"America for Americans," means more than sentiment. It means protection to American industries and labor, all along the line. It is not only the watchword of the republican party, but it is the corner stone of the foundation, and it was never more fully appreciated than today.

If the democratic party was united, it would stand no show of success on the tariff issue. If the tariff protects the trusts, which is a debatable question, it also protects the people and the people have discovered the fact.

The funeral of the late Sir Henry Stanley has been held from Westminster Abbey. For a little ignorant Welsh stowaway, a common sailor in the confederate navy and later a petty officer in the federal forces, Sir Henry certainly rose to prominence in this world.

The ordinance restricting the location of saloons, is a timely measure and will result in making the atmosphere of the five points more wholesome. The White light club may not be able to win as many recruits, but that will be no loss to the city. There are some other vices that would benefit the town by a change of location.

These pipe dreams of Willie Hearst and the reckless expenditure of money are good advertising mediums for his yellow sheets even if they do not land him in the St. Louis convention with enough votes to talk about.

The organ in Milwaukee still insists it is only truthful liar in the state. Well this is probably true when you except the state Central Committee.

Now the mayoralty fight is settled why not have unity in the party and lock out the democrats, do not nominate a man who will draw more votes than the republican.

Dear old Boston thinks Olney is the only Olney. Perhaps they are right, it is a certainty that he is the only Olney.

This is an age of enlightenment and progress. Still the old feudal custom of bulldozing the will of the people continues.

With all this fighting in the republican ranks the fact the democrats met in Milwaukee was almost forgotten.

What ever mistakes the Wisconsin democratic convention will make, they will not nominate Hearst for President if they can help it.

They are having a great time down in Springfield—almost as much fun as up in Madison.

Admiral Cervera is the next Spanish hero to go to the great beyond.

All eyes have been focused upon Madison and the giant armory building.

Little side doors are often deceptive.

There is nothing succeeds like success unless it be down right actual thievery of the states wishes.

One thing is certain La Follette remembered his friends when it came to admittance to the state convention.

Try as he can La Follette can not down the republican party.

Scandals in state institutions do not annoy "reformers" at all. They are expected.

The interurban proposition is still doing daily work on the construction of the road between Janesville and Madison.

All is not gold that glitters but lots of dross shines so well that many are fooled.

It is about time for the anti-expansionists to stir up another rebellion in the Philippines isn't it?

For bare faced robbery the State Central Committee beats the halcyon days of Captain Kill all hollow.

The tiger of Tammany has not been as securely chained as Dave Hill would have us believe.

It is evident some of the old time democratic fighters have found their

way into the republican party.

PRESS COMMENT

Milwaukee Sentinel: Miss Lottie Dod is now woman golf champion of England. From Illinois Adah to Lottie Dod is quite a slump euphonically; but here's luck to Lottie anyway.

Racine Journal: Credulity thrives on poor, weak human nature. The success of some men fully proves that playing on the strings of hope elicits results to their individual benefit.

Racine News: With inadequate schools, an array of bootleg-smashers and an epidemic of infantile Philadelphia proposes to spend half a million dollars in building a soldiers' monument.

Winneconne Local: Leap year seems to have taken the gimp entirely out of the backbones of all the marriageable ladies of the village when it comes to getting right down to the scratch.

Ashland Press: It is conceded that the Spanish-American war was a mere skirmish as compared with the present Japanese-Russian war. More men were killed at the crossing of the Yalu, or at the last attempt at closing the harbor at Port Arthur than were lost during the whole Spanish-American war.

Chicago Record-Herald: An Indiana Democrat killed himself the other day because his son became a Republican. It is only fair to suppose that the old man voted for Andrew Jackson in 1900.

Philadelphia North American: "Democrats elect St. Paul mayor" is a startling headline in a "sterned contemporary." Investigation discloses however, that the returns are from Minnesota, not Tarsus.

Seranton Tribune: Prince Outchinsky, editor of a leading St. Petersburg paper, has come to this country to find out and send home the exact truth about American sympathy as between Russia and Japan. It does not look as if he would have very difficult task.

Los Angeles Times: Nearly one-half of Germany's 55,000,000 ton potato crop is used for making alcohol to furnish motive power. It having been discovered that the good old fashioned kind has a tendency to remove the same from the human foot.

Minneapolis Times: In the opinion of Justice John M. Harlan, the presidential nominee of the Democratic party will be Grover Cleveland. Justice Harlan knows a great deal more about law than he knows about politics.

Chicago Tribune: Notwithstanding the case of the Pittsburgh steer that failed to digest a copy of Bryan's Commoner, we shall always believe that Mr. Bryan's celebrated heifer grew to a lusty cowhood on Commoners.

Oshkosh Northwestern: A Superior alderman is credited with making the statement at a recent council meeting in that city that "Superior today is the worst city morally of any place of its size in the United States." And one of his colleagues had the presence of mind to ask him how he knew.

Cincinnati Commercial Tribune: Now, if Mr. Hearst, in addition to promising not to bolt, had also pledged himself not to support the nominee, there would have been more comfort to Messrs. Parker, Cleveland Gorman, G. Fred Wms, and the balance of the bunch.

Eau Claire Leader: Gen. Miles is not a chemist, yet at Chicago he thought he saw in the future, danger of the crystallization of central power. When deprecating it he said very wittily: "We need not cultivate an appetite for the horizon."

Chicago Inter Ocean: It has long been the custom to hold "a Presidential year" accountable for certain depressions in the stock market, in railway business, and in amusement

OUR LEADERS IN EMERGENCY

ROCK COUNTY MEN A POWER AT
MADISON.

TO MAKE JEFFRIS GOVERNOR

Fanciful Rumor That Passed Current
This Morning, Shows Strength
of His Leadership.

Janesville's part in the deliberations of the republican party at Madison has been a conspicuous one from the beginning and the eyes of the whole state have been on the men of Rock county's delegation. Their stand has been a positive one and their demand of "No Compromise with the Minority" has placed them at the head of the majority element of the party.

Jeffris The Leader.
M. G. Jeffris, the chairman of the convention that met this afternoon, Thomas Nolan, Senator Whitehead, A. H. Sheldon who was elected to the state central committee, and Theodore Goldin, have all been conspicuous figures in the councils of the party.

Just a Rumor.
As evidence of the popularity of Mr. Jeffris' leadership a rumor gained circulation in Madison this morning that the convention of the anti-third term men would be swept for him for the governorship at the meeting this afternoon. While this report was fanciful in conception and no such movement will in any probability be inaugurated, it was entertained by many with an enthusiasm which testified eloquently to the strong impression made by his leadership. Theodore Goldin was regarded this morning as the probable nominee for secretary of state.

NEW OFFICERS OF THE RUSK LYCEUM

Have Been Elected To Serve Until
the Annual Meeting Next
January.

The Rusk Lyceum at its regular weekly meeting elected officers to serve until the third meeting in January, 1905. Those chosen are:
President—Clayton Fisher.
Vice-President—Walter Carle.
Treasurer—Harvey Bailey.
Secretary—Frank Phelps.
Sergeant-at-Arms—Harvey, Lee.
Librarian—Earl Brown.
The standing committee, which makes out all programs, were also chosen by ballot to rank in the order named: Jerome Davis, Robert Jensen, and Floyd Davis.

AN ENVIABLE REPUTATION

Earned by The New Firm of Cunningham & Connors.
The new firm of Cunningham & Connors, 161 West Milwaukee street, have already earned a high place with the lovers of tasty short orders. Yesterday's show window had a most tempting array of good things to eat. Short cake, Wasted Chicken and home made pies, and other good things looked most inviting, and many customers are finding them not only good to look upon, but even better to eat.

Schoolboy's Composition.
Here is a schoolboy's composition: "Winter is the coldest season of the year, because it comes mostly in the winter. In some countries winter comes in the summer, then it isn't so worse. I wish winter came in summer here, then we could go skating barefooted and make snow balls without fingers froze. When it snows in summer they call it rain."

Food Inspector.
A sanitary inspector has been appointed by the Woman's Educational and Industrial Union of Boston to see that the fare turned out by its food department is made under healthful conditions. The department has 150 consignors in and about Boston, and the inspector will investigate the surroundings where they work, giving special attention to plumbing, light, air and cleanliness.

Wrong End of the Bargain.
"It is always well to know which end of a bargain you have," said an Irishman when he first made the acquaintance of a bee. Another case that proves the point was that of the man who bought half of his son-in-law cow. The following morning he went over to get his share of the milk. "Not on your life," responded the son-in-law; "I sold you the front end of that cow."

Narrow-Mindedness.
It is not until your relation with others is understood that you can successfully plan your own life. For this reason the narrow-minded person is a failure—in that he shuts himself out from human nature and life.

In spite of an effort to suppress the particulars, thus far successful, some of the details of an attempt at suicide which occurred Monday evening have crept out and neighbors are already talking of the matter with little reserve.

Tried Carbolic Acid.
Mrs. Hugo Reese who lives near the Chateaufort factory is said to have been the intended victim of her own hands, and it is alleged that she took a large quantity of carbolic acid to accomplish her purpose. Three physicians were at once summoned and prompt measures saved her life.

Her troubles are said to have had their origin in an altercation with her husband to whom she has been married about a year. It is alleged that a bicycle belonging to her was ruffed off by her husband who, after making this disposal of her property refused to share the proceeds.

S. A. COOK IS THE NOMINEE

Continued from Page 1.

that a right anti-railway pass law should be enacted.

La Follette is Nominated.
The vote on the resolutions which carried without dissent showed 585 and a fraction ballots, the same as yesterday. Mr. Fred of St. Croix county placed the name of Robert M. La Follette in nomination and the nomination was seconded by John Nelson of Dane county. A committee consisting of Potter, Wood, and Dornier was appointed to escort the nominee before the meeting. While they were absent on their mission, Senator Miller took occasion to denounce the anti-administration men, claiming that by their own figures they acknowledged the administration majority. On motion of Miller the balance of the ticket was renominated by roll call, the nominees being the same as those now in office.

The Regular Convention.
At two o'clock Senators Spooner and Quarles will be at the republican state convention. Fred Jeffris, M. O. Mount, and Ward Stevens are sergeants at arms at the doors. At this time it appears probable that S. A. Cook of Neenah will be the nominee of the republican state convention for governor and that Theodore Goldin of Janesville will be the nominee for secretary of state.

Full of Wormwood.
Gov. La Follette spoke to his convention for two hours. The speech was filled with bitterness and impartial spectators at the meeting characterized it as "the ugliest address he had ever delivered."

The Probable Ticket.
Madison, Wis.—2:25 p. m.—The probable ticket of the regular republican convention is:
For Governor—S. A. Cook of Neenah.
Lieutenant Governor—George H. Racy of La Crosse.
Secretary of State—Theodore Goldin of Janesville.
Ins. Commissioner—Charles Barker of Milwaukee.
State Treasurer—August Lauke, of Milwaukee.
Attorney General—Judge Glasson, Oconto.
Railway Commissioner—Jones Hersey, Watertown.

Cook is Nominated.
Madison, Wis.—3:30 p. m.—Former Congressman S. A. Cook of Neenah was nominated amid wild cheers of the convention.

The Platform.
Madison, Wis.—4:00 p. m.—The platform adopted endorses Roosevelt; disapproves of the third term idea; demands that the distinction between the executive, legislative, and judicial departments of state government be preserved; that the supreme court shall be free from partisanship; and insists that public officials are the servants of the people. The administration it is advised should be economical. Railway legislation is touched upon. A primary law of some sort is urged and the idea of a tax commission endorsed. The placing of the insurance commissioner on a salary is advocated, all fees to go into the state treasury. Baughman, the interests of party harmony, released all his pledged delegates permitting them to vote for Cook.

Odd Things About the 'Possum.
The American opossum is one of the most curious animals living in the United States. It is the only one that carries its young in a pouch, like the kangaroo. It is the only animal that can feign death perfectly. It is remarkable for hanging by its tail like a monkey. It has hands resembling those of a human being. Its snout is like a hog's, while its mouth is liberally furnished with teeth. Its eyes are like a rat's and it hisses like a snake.

RESUME WORK AT STONE CRUSHER

REPAIRING OF SEVERAL STREETS STARTED.

SEVEN TEAMS HAULING STONE

Street Commissioner Watson Busy Re-Covering North Franklin Street with Stone and Rubble.

Work at the stone crusher was resumed yesterday and about ten men are now busily engaged in quarrying the stone, preparatory to having it crushed at the plant and then hauled to the city where it is being placed on the streets which were macadamized some time ago, so as to keep them in proper shape. Street Commissioner Watson has seven or eight teams at work today hauling stone from the crusher plant to North Franklin street, where it is put on the street and then rolled by the steam roller, thus making a great improvement in the down town thoroughfare.

Will Keep Up Streets.
It is the intention of the new elected highway committee of the present council to fix all the streets in the city that are in any way in need of repairing, thus in a short time the city of Janesville can boast of having as good streets as any city in the state.

To Delay Old Age.
Death from old age, says Sir Herman Weber, is due to atrophy connected with changes in the blood vessels. Vigorous circulation, promoted by keeping the various organs in action, is the best preventive.

PINIONED UNDER ENGINE FIREMAN MAKES WILL

Last Act of Brave Man, Who Lay
Crushed and Suffering, Was to
Provide for His Family.

Tacoma, Wash., May 19.—Praying for his wife and child, penning them an affectionate letter, and executing his will, Fireman Downey, pinioned beneath the massive weight of his engine, suffering the acute of human agony, and conscious of his approaching death, was the calmest of the crowd that witnessed the pathetic scenes following the wreck of the Great Northern flyer at Monroe.

"I will have to die here, boys," he said. "You can't get me out."

Toward the last he asked for a pencil and paper, which were handed to him, and, surrounded by hissing steam, crushed and mangled, he pencilled a note to his wife and child in Seattle and made out his will. He handed these out from amid the wreckage with the injunction that they be delivered to his dear ones, and in a few minutes later the four hours' struggle was over.

OLD FREMONT VOTERS TO MEET

Plan to Take Part in Fiftieth Republican Anniversary at Jackson.

Jackson, Mich., May 19.—A state convention of those citizens of Michigan who voted for Gen. John C. Fremont for president in 1856 was held here. The purpose of the convention was to make arrangements for the representation of the Fremont voters at the celebration of the fiftieth anniversary of the birth of the Republican party "under the oaks" at Jackson July 6 and also for the purpose of taking steps for the preparation of a roster of all living Fremont voters of Michigan to be filed with the state historical society. Silver-haired veterans, followers of the "pathfinder" as delegates were here from nearly every county in Michigan. There were about 200 present.

ANNOUNCEMENT

Our stock of goods was never more complete than it is at the present time. We are in a position to supply one's needs for almost anything in

**Dry Goods,
Upholstery,
Ready-to-wear Garm'nts
Carpets, Rugs,
Matting, Linoleum.**

It matters not how often one comes, we always have something new to show.

Before buying outside of the city anything in our line it will pay one to get posted on what we have in stock. Many times we have had people remark, after having bought this or that thing away from home, "Why, I did not know that you had it," which is very consoling (?).

Up-to-date merchandise is not sold anywhere for any less than it can be bought for at The Big Store. We are not complaining, for the people are using us very well, but we are always trying to "better our best."

Come in and make yourself at home. . . We take pleasure in showing goods and expect people to look before buying, which is the best way to get posted.

BORT, BAILEY & CO.

Carpets, Rugs, Linoleum, Curtains.

IN calling your attention once again to our Carpet department we do so with the utmost confidence. Our Spring business in this line has been 'way beyond all former years and 'way beyond our most sanguine expectations.

We know why this is so, and we will tell you: In the first place we are showing over \$20,000 worth of NEW Carpets and Rugs; being new the designs and styles are right. Again, every article is marked on a CASH BASIS and our prices are low. Time and again customers come back to us after looking all over and say, "You beat them all on **beautiful patterns.**"

We never buy job lots of off styles, but always buy the Newest, Brightest and best.

WE ARE SHOWING

100 rolls of the famous Park Mills Extra Super Ingrains
50 rolls Sandford's Wilton Velvets
50 rolls Stinson's Tapestry Brussels
100 new large Axminster Rugs
50 new Wilton Velvet Rugs

1000 new small Floor Rugs
100 new styles of Lace Curtains
100 new styles of Tapestry Curtains
50 new styles of Straw Matting
25 new styles of Linoleums

All our Carpets are made by hand, every seam is perfect. There is as much difference between machine and hand-made Carpets as between machine and hand-made clothing. Insist on having your Carpets hand sewed; we know it is best, so we do it.

Our Carpet room is large and bright and airy. It is filled to overflowing with the most beautiful goods. If you want merchandise in this line you certainly owe it to yourselves to pay this room a visit. You will echo what hundreds of others are saying:

"You beat them all on beautiful Patterns."
